

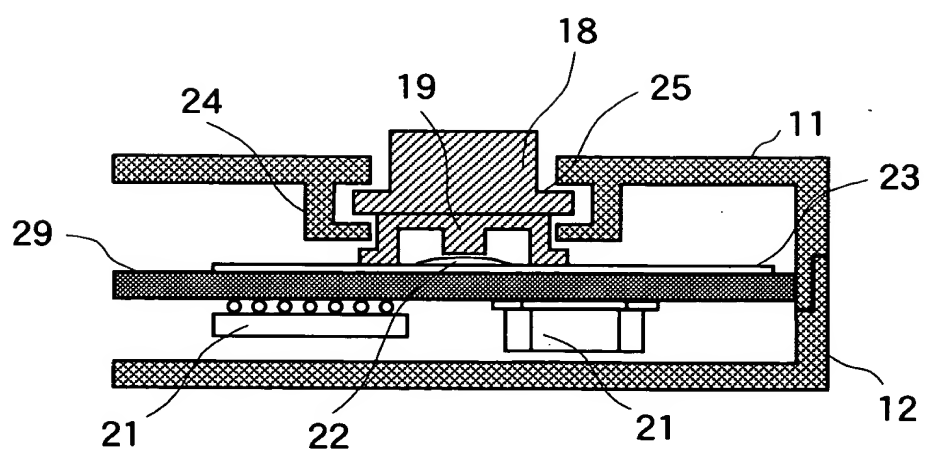

Fig. 1 (a) is a front view of a mobile phone 10. It features a main body 11 with a display screen 13 at the top. Below the screen is a numeric keypad 17, which includes a set of circular function keys 14 at the bottom. A small oval-shaped component, likely a camera or sensor, is located at the top of the front face, labeled 15. A side-mounted component, possibly a volume knob or earpiece, is labeled 16. A horizontal line with arrows at both ends, labeled A and A', indicates a cross-sectional plane through the keypad area.

Fig. 1 (b) is a side view of the same mobile phone 10. It shows the profile of the main body 11, a side grip or button 13, and the side-mounted component 16 at the top. The phone is shown in a slightly angled perspective.
